

THE TAROT TALK GUIDE

HELP YOUR READINGS UNFOLD WITHOUT PRESSURE

1

NAME THE CARD

This gets the energy flowing and connects you and the client to the same piece of information. Often this can be your sign, that you're ready to work.

2

WHERE ARE YOU DRAWN?

If you were to draw this image where would you start? Describe the first 3 things that stand out for you and what you think about them.

3

USE INTUITION

Close your eyes and take a breath. Notice anything you perceive physically and emotionally. Do you see, hear, know, smell, or taste anything?

4

DELIVER MESSAGE

Let your client know your insights and gut feelings related to the question. Even if it's strange, say it outloud.

5

ASK FOR MORE

In your mind ask, *Is there anything else you'd like me to know?* Then see if anything else comes in, and relay these final impressions.
